User's Manual

User (Customer Side)

Accessing the Website

1. Open your web browser.
2. In the search or address bar, type “Infinitrix.work” and press Enter.
3. The Infinitrix home page will appear.

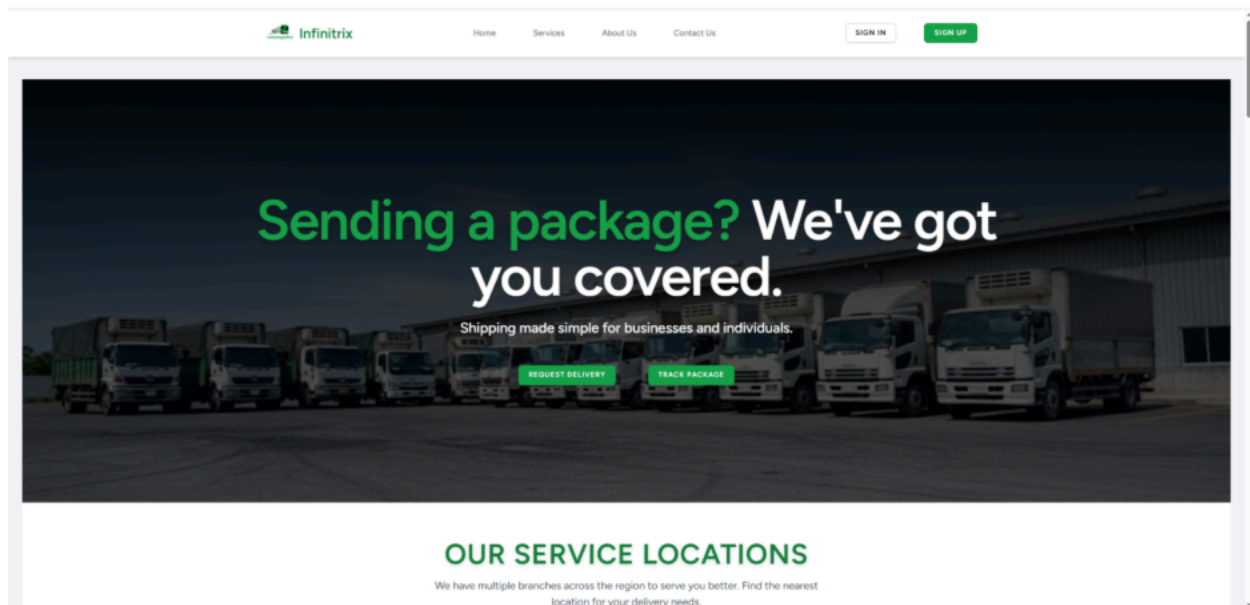

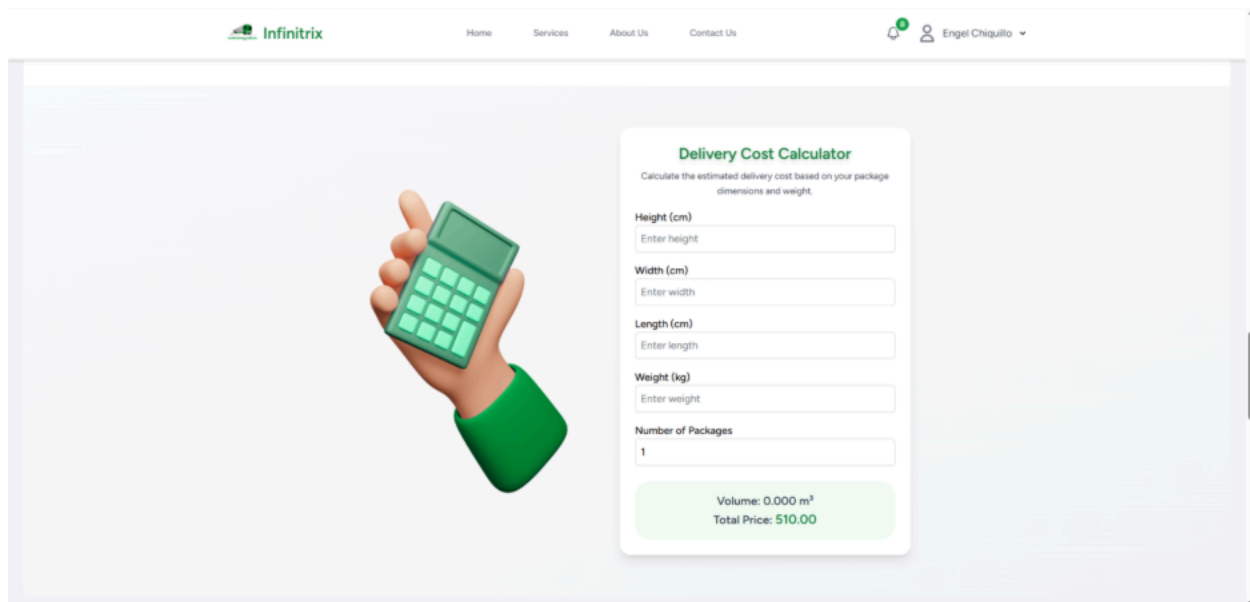

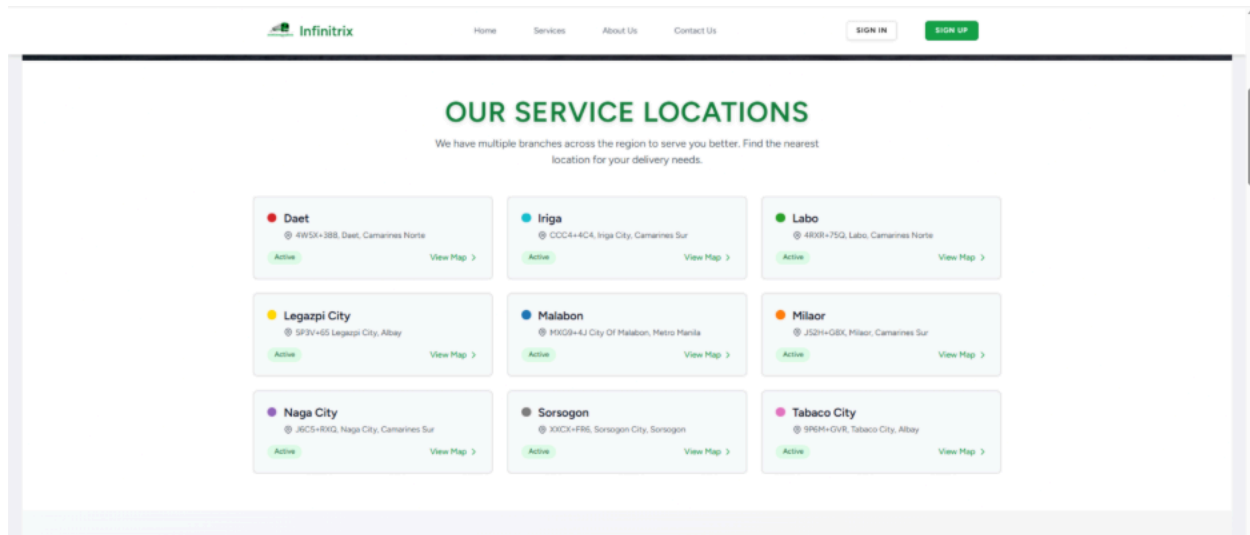

Figure 20: Customer Viewing the Home Page

4. The home page shows general information about Infinitrix Express Cargo.
5. Customers can also find the nearest Infinitrix branch to help them decide where to drop off their package.
6. Customers can also calculate the estimated delivery cost based on their package dimensions and weight.

Creating an Account

7. On the home page, click “Sign Up”.
8. Fill out all required information (name, email, password, etc.).
9. Click Submit to create your account.
10. If the customer already has an account, click “Sign In” instead and log in using your email and password.

Requesting a Delivery

1. After signing in, click “Request Delivery” on the homepage.
2. The customer will be taken to a form that must be completed before sending a package.

The screenshot shows the 'Request Delivery' form on the Infinitrix website. The form is titled 'Request Delivery' and includes a progress bar with four steps: 1. Sender, 2. Receiver, 3. Package, and 4. Payment. The 'Sender' step is currently active. The form is divided into two main sections: 'Sender Information' and 'Dest Information'. The 'Sender Information' section includes fields for 'Customer Category' (Individual and Company), 'First Name', 'Middle Name', 'Last Name', 'Email Address', 'Mobile Number', 'Phone Number (Optional)', 'Building Number', 'Street', 'Barangay', 'City', 'Province', and 'ZIP Code'. The 'Dest Information' section includes a 'Select Pick-up Region' dropdown, a 'Dest' dropdown, a map showing the location, and a 'Dest Search Location' button. A 'CONTINUE TO RECEIVER' button is located at the bottom right of the form.

Figure 21: Customer Filling Out the Request Delivery Form

- Sender Information
1. The customers must choose their category:
 - a. Individual is for personal deliveries
 - b. Company is for business deliveries
 2. The customers must select the location where they will drop off the package.
 3. Fill in all required sender details.
 4. Click “Continue to receiver” after completing all required sender details.

CONTINUE TO PACKAGE

- Receiver Information

1. The customer must fill out the receiver form with all required information.
2. The customer must select the location where the receiver will pick up the package.
3. The customer can quickly select a receiver from their saved past receivers.
4. Click “Continue to package” after completing all required receiver details.

Package Information

Advisory Notice
We only carry individual packages up to 10 cubic meters in volume (calculated as Length x Height x Width in cm + 1,000,000) and 100 kg in weight. Items exceeding these limits require special freight arrangements. Please ensure your items meet these requirements before booking.

Photo Requirements
Package photos are mandatory for documentation and verification purposes.
- All Packages: Minimum 6 images required regardless of quantity
- Single Package (quantity = 1): Front, back, left, right, top, bottom views, plus weighing scale
- Multiple Packages (quantity > 1): Must include 1 group photo showing all packages together, 1 weighing scale photo, plus 4 detailed photos
- File Size: Maximum 5MB per image (automatically compressed if larger)
- Format: JPEG, PNG, GIF
Ensure photos are clear, well-lit, and show all packages properly for documentation.

Processing Fee Payment Required

The screenshot displays the Infinitrix website's payment interface. The main content area is titled "Processing Fee Payment Required" and indicates a fee of ₱200.00. It provides two payment methods for this fee: GCash and Bank Transfer. Below this, the "Prepaid Payment Options" section offers "Cash Payment" (paying at the drop-off location) and "Digital Payment (GCash/Bank)" (paying online with verification). A sidebar on the right allows selecting a "Payment Type" (Prepaid) and a "Payment Method" (Cash, GCash, or Bank Transfer). An "Important Notes" section at the bottom outlines terms like delivery time, additional charges, and the requirement for admin verification for online payments.

- Payment Information
 1. The customer must select a payment type. There are two available options:
 - a. Prepaid – The customer pays immediately before the delivery request is processed.
 - b. Postpaid – Payment is made after the delivery. The customer may choose from CND (Cash Next Delivery), Net 7, Net 15, or Net 30 terms.
 - c. *Note: The postpaid option is only available to customers who have successfully completed at least three (3) previous deliveries.*
 2. After choosing the payment type, the customer must choose one payment method:
 - a. Cash where the customer pays directly at the drop-off location counter when they bring their package.
 - b. GCash where the customer can pay through GCash online. A screenshot of the payment must be uploaded for verification.
 - c. Bank Transfer where the customer can transfer the amount using their bank. A screenshot or proof of payment must be uploaded.
 3. Customers must pay a ₱200 processing fee to secure the delivery request.
 - a. Select GCash or Bank Transfer for the processing fee.
 - b. Enter the transaction reference number.
 - c. Upload a payment receipt screenshot.

Submitting the Delivery Request

1. Review all the information you filled out.
2. Click “Submit Request”.
3. Once submitted, the customer request will be forwarded to the Staff for review.
4. After the customer delivery request is approved, the customer will receive a tracking code for monitoring their package.

The screenshot shows the Infinitrix website's 'Track Your Package' interface. At the top, there is a navigation bar with the Infinitrix logo, links for Home, Services, About Us, and Contact Us, and a user profile icon labeled 'Engel Chiquillo'. The main content area features a white card with a green magnifying glass icon and the title 'Track Your Package'. Below the title, it says 'Enter your tracking code to check real-time delivery status and updates'. There is a text input field labeled 'Tracking Code' with a placeholder 'Enter tracking code (e.g., EGGAB6 or PKG-10D1611-EGGAB6)'. A green button with a magnifying glass icon and the text 'Track Package' is positioned below the input field. At the bottom of the card, a small green icon and text state: 'Can't find your tracking code? Check your email confirmation or contact our support team.' The footer of the website is divided into three columns: 'Infinitrix Cargo Express' with a description of fast, reliable, and secure logistics services and the address 'Comet Building, Tinas Rd, Barangay Cruzada, Lagaon City, 4000 Albay, Philippines'; 'Quick Links' with links for Home, Services, Contact Us, and About Us; and 'Contact Us' with email 'support@infinitrixcargo.com' and phone '+63 912 345 6789'. A copyright notice '© 2020 Infinitrix Cargo Express. All Rights Reserved.' is centered at the very bottom.

Figure 22: Customer Tracking Package

1. Customers can go to the “Track Package” section on the website.
2. Enter tracking code.
3. Customer can view their package status and the real-time location updates from the driver.

 - g. Last maintenance date
3. The staff can view details, edit truck information, disable a truck, and add new trucks.
4. The staff can search for specific trucks, view disabled trucks list, and filter status.

The screenshot displays the 'Package Monitoring' interface for a staff member named Wensdee Garcia. The interface includes a sidebar with navigation options like 'My Profile', 'Pending Requests', 'Payments', 'Waybills', 'Stickers', 'Manifest', 'Driver-Truck Sets', 'Cargo Assignment', 'Release Package', 'Package Management' (highlighted), and 'Trucks'. The main area shows a table of packages with columns for Delivery Ref, Item Code, Item Name, Sender, Receiver, Category, Status, Current Location, and Actions. The table lists seven packages with various statuses such as 'Rejected', 'Pending', 'Completed', and 'In Progress'. A search bar and filters for categories and statuses are at the top. A pagination bar at the bottom shows 'Showing 1 to 7 of 127 results'.

Figure 34: Staff Package Monitoring

1. This is used for tracking packages throughout the delivery process.
2. Can displays all packages with their status and current location
3. The columns included here are: Delivery reference, Item code, Item name, Sender and receiver, Category, Status, Current Location, and Actions that can view details of the package.
4. Staff can search for specific packages, filter categories and status.

Driver

The screenshot shows the Infinitrix Cargo Express login interface. At the top, there is a header with the Infinitrix logo and navigation links: Home, Services, About Us, and Contact Us. On the right side of the header, there are buttons for 'SIGN IN' and 'SIGN UP'. The main content area features a central login form with the title 'Sign In To Proceed'. The form includes input fields for 'Email' and 'Password', a 'Remember me' checkbox, a 'Forgot password?' link, and a 'LOG IN' button. Below the login button is a link for 'Don't have an account? Register'. The footer contains three sections: 'Infinitrix Cargo Express' with contact details, 'Quick Links' with a list of links, and 'Contact Us' with email, phone, and fax information. The footer also includes a copyright notice: '© 2025 Infinitrix Cargo Express. All Rights Reserved.'

Figure 35: Driver Logging In

1. Driver will receive their account credentials (username and password) from the admin.
2. On the login page, enter your assigned credentials.
3. Click Login to access the Driver Dashboard.

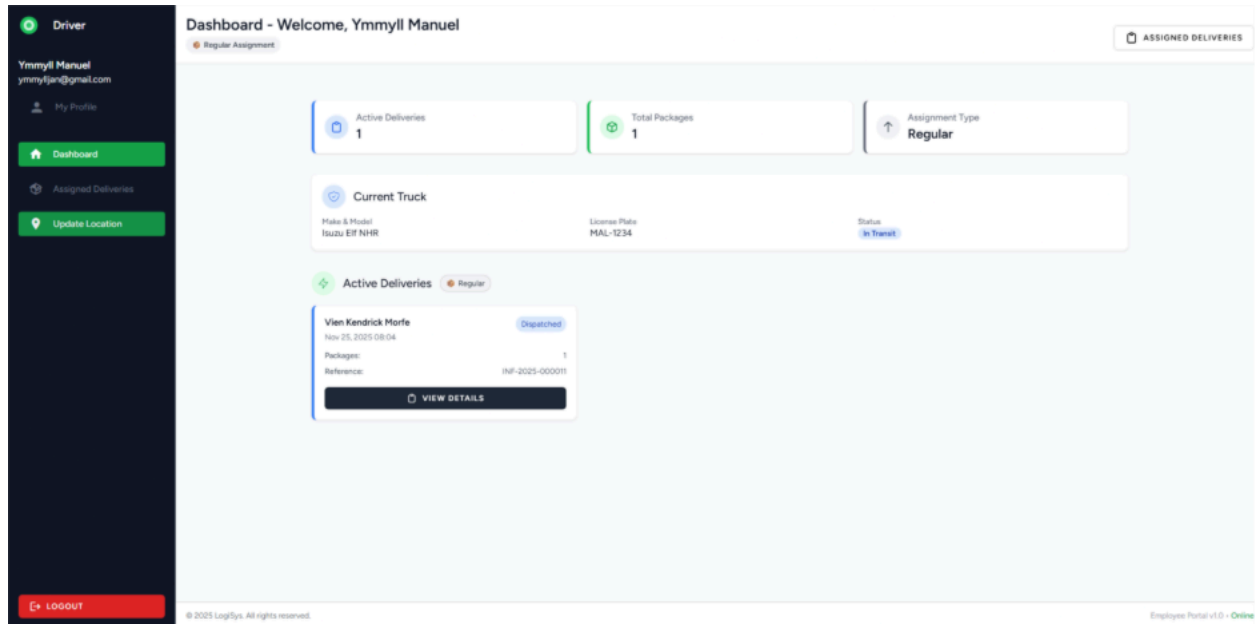

Figure 36: Driver Dashboard

1. After logging in, you will see the Driver Dashboard.
2. The dashboard will show the drivers:
 - Active Deliveries - The dashboard shows a summary of the driver's current delivery job
 - Total Packages - This section indicates the total number of packages included in the active delivery assignment.
 - Assignment Type - The system identifies the type of assignment (e.g., Regular), allowing the driver to understand the nature of the delivery task at a glance.
 - Current Truck - The system automatically shows the details of the truck assigned to the driver.

Employee Profile v1.0 • Online

Figure 37: Driver Account Settings

1. Click the “My Profile” button on the sidebar.
2. Driver can update personal information such as name, email, and password.
3. Click “Save Changes” to update your name and email.
4. Click “Update Password” to update your password.

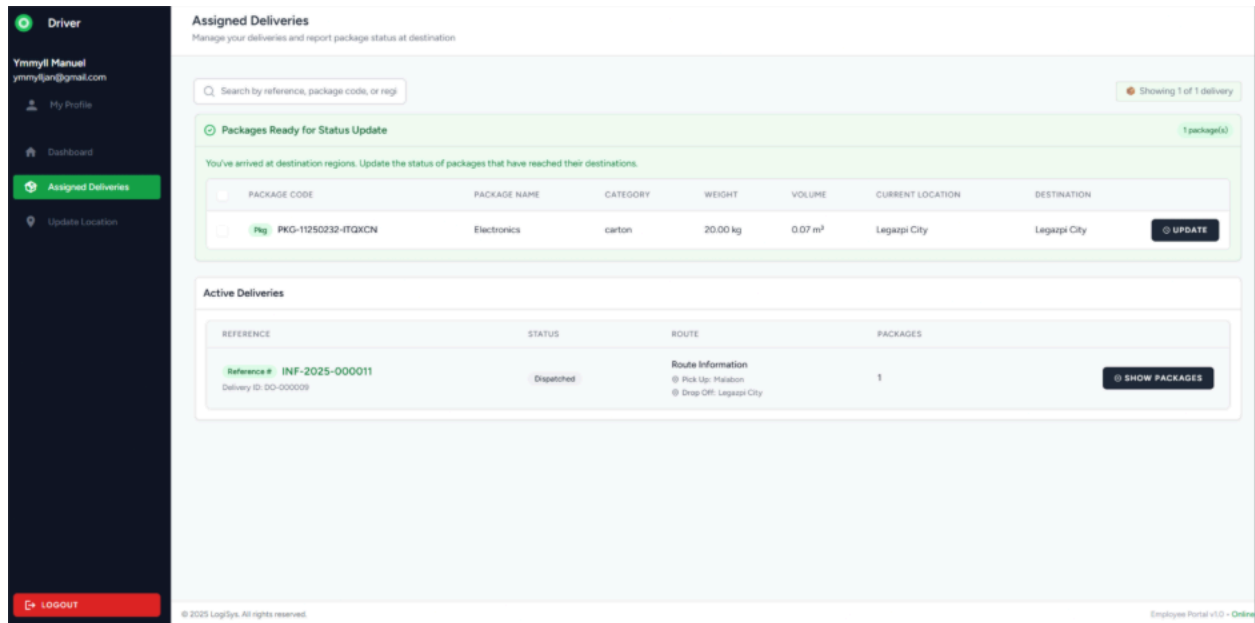

Figure 38: Driver Assigned Deliveries

1. Click the “Assigned Deliveries” button on the sidebar.
2. This page lists all packages that have been assigned to you for delivery.
3. If there are no deliveries assigned, the page will show: “No assigned deliveries found.”
4. When deliveries are available, this will display:
 - Packages Ready for Status Update - This section appears when you have reached a destination region and have packages that require a status update.
 - Active Deliveries Summary - All ongoing deliveries assigned to you will be displayed with the following details:
 - a. Reference Number (e.g., INF-2025-000011)
 - b. Delivery ID
 - c. Status (e.g., Dispatched)
 - d. Route
 - e. Packages
 - A “Show Packages” button is available for viewing the complete list of items included in the delivery.

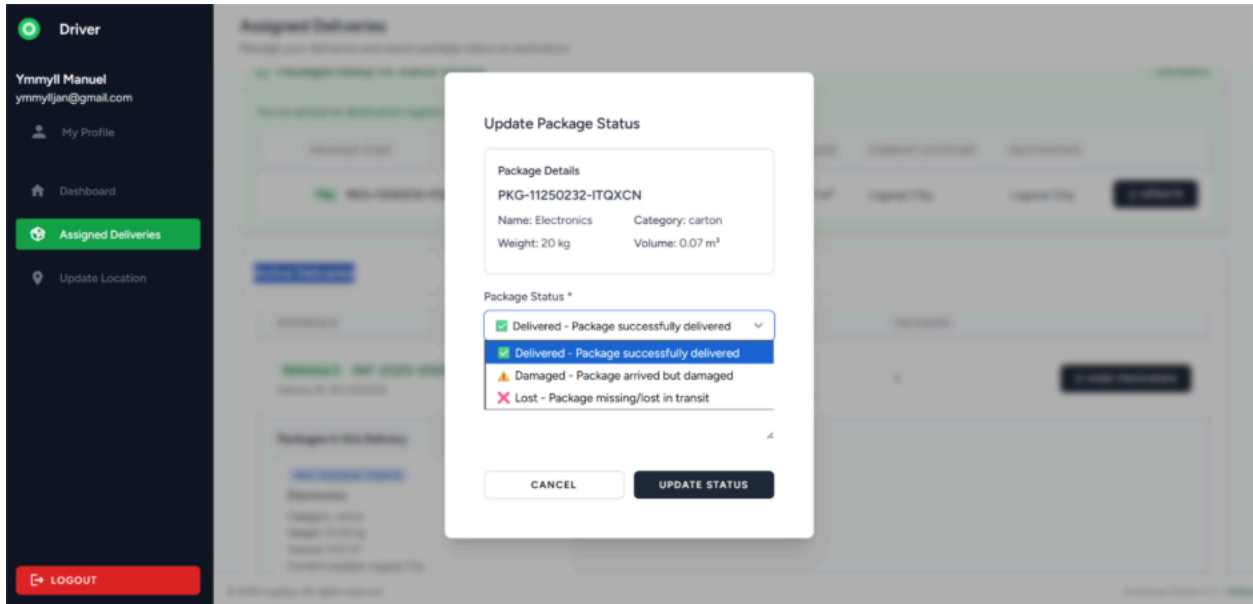

Figure 39: Driver Update Package Status

5. When you click “Update” on a package within the Assigned Deliveries page, the Update Package Status window will appear.
6. Package Details - This section shows the complete information of the selected package, including:
 - Package Code: PKG-11250232-ITQXC�N
 - Name: Electronics
 - Category: Carton
 - Weight: 20 kg
 - Volume: 0.07 m³
7. Package Status- The driver must select the appropriate status from the available options:
 - Delivered – The package has been successfully handed over to the recipient.
 - Damaged – The package arrived at the destination but shows signs of damage.
 - Lost – The package cannot be located or was missing upon arrival.
8. Remarks (Optional)- A text box is provided for the driver to add notes or observations, such as package condition, delivery circumstances, or any issues encountered.
9. Action Buttons - the driver may choose to:
 - Cancel – Close the window without making any changes.
 - Update Status – Submit the selected package status and save the update.

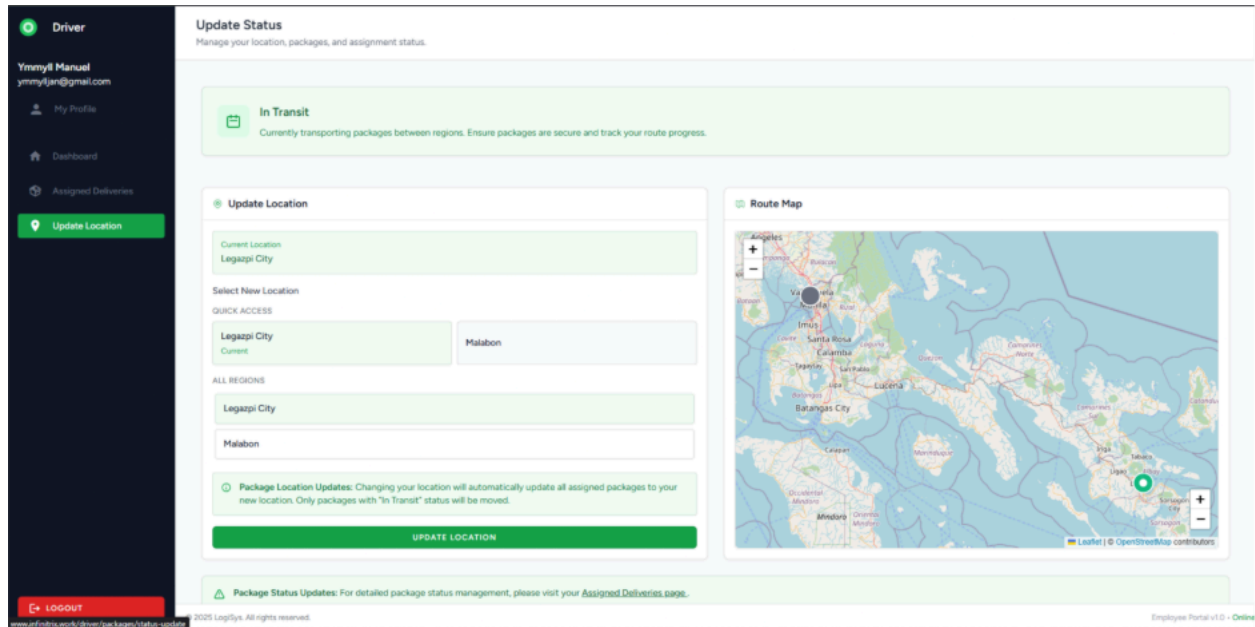

Figure 40: Driver Update Location

1. The Update Status module allows the driver to manage their current assignment status, update their location, and ensure the system accurately reflects the movement of packages during transport.
2. In Transit - The driver is currently on the delivery route and all assigned packages are being transported.
3. Update Location- The Update Location section allows the driver to change their current location in the system.
4. Current Location- The system displays the driver's current recorded location (e.g., Legazpi City).
5. Select New Location- The driver can choose a new location from the list provided.
6. When the Update Location button is pressed: The driver's current location in the system is updated

Collector

The screenshot shows the Infinitrix Cargo Express login interface. At the top, there is a navigation bar with the Infinitrix logo and links for Home, Services, About Us, and Contact Us. On the right side of the navigation bar are two buttons: 'SIGN IN' and 'SIGN UP'. The main content area is a light gray rectangle containing a white login form. The form has a header with the Infinitrix logo and the text 'Sign In To Proceed'. It includes input fields for 'Email' and 'Password', a 'Remember me' checkbox, a 'Forgot password?' link, and a 'LOG IN' button. Below the form is a link that says 'Don't have an account? Register'. The footer of the page is divided into three columns: 'Infinitrix Cargo Express' with company details, 'Quick Links' with navigation options, and 'Contact Us' with contact information and social media icons. A copyright notice is at the bottom center.

Figure 43: Collector Account Settings

1. Click the “My Profile” button on the sidebar.
2. Collector can update personal information such as name, email, and password.
3. Click “Save Changes” to update your name and email.
4. Click “Update Password” to update your password.

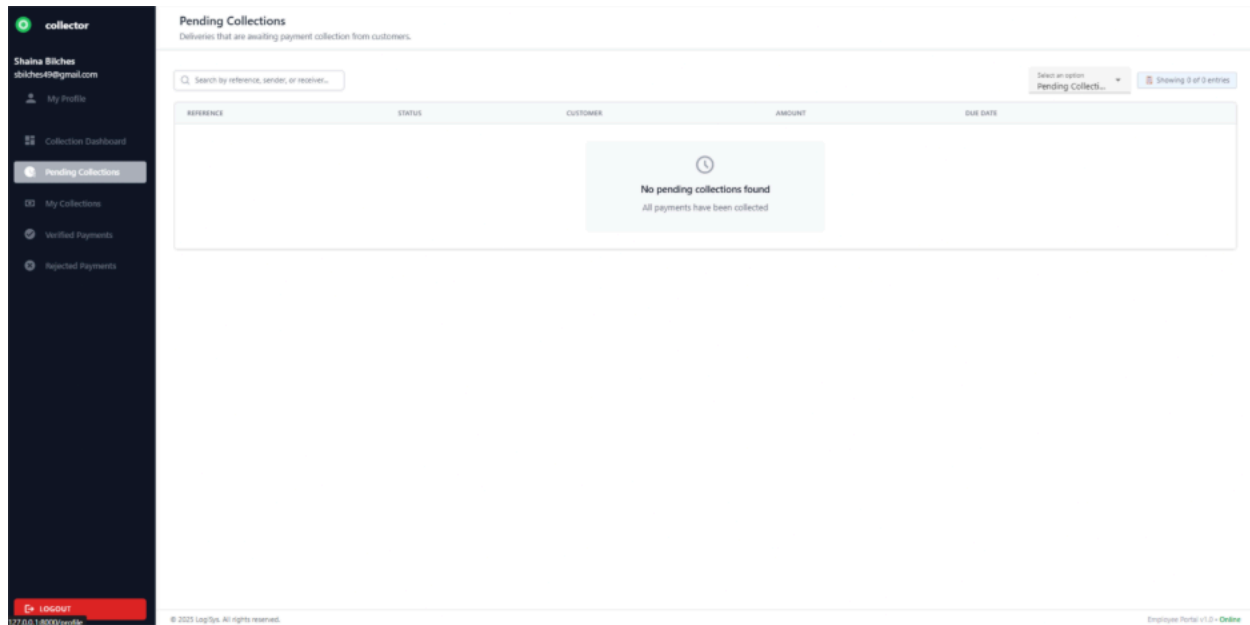

Figure 44: Collector Pending Collection

1. When you click Pending Collection from the sidebar, you will be taken to the page where all uncollected payments are listed.
2. This page is used to view, search, and manage payments that are waiting to be collected
3. At the top of the page, you will see a search bar.
4. You can use this search bar to quickly find a specific payment by typing keywords such as:
 - Reference number
 - Sender Name
 - Receiver Name
5. Pending Collections List - When there are pending collections, the system displays the following information for each entry:
 - Reference Number – The tracking or reference ID of the delivery.
 - Status – Current status of the payment (e.g., Pending).
 - Customer – Name of the customer from whom payment is due.
 - Amount – Total amount to be collected.
 - Due Date – The deadline for collecting the payment.

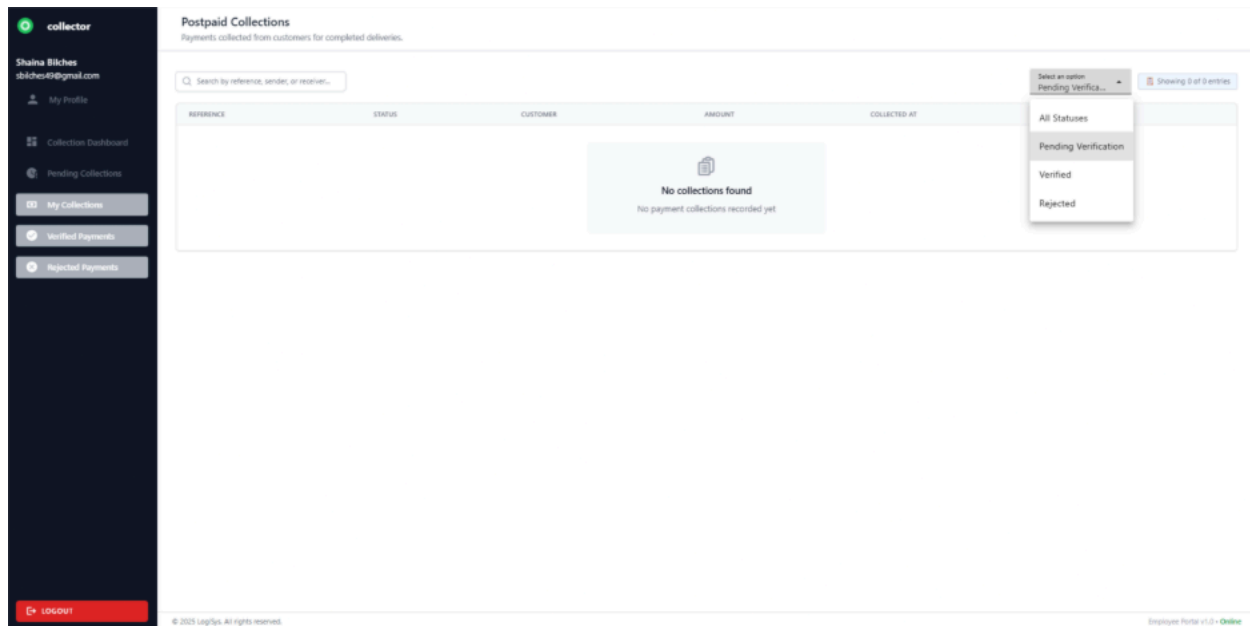

Figure 45: Collector Postpaid Collection

1. From the sidebar menu, click Postpaid Collection.
2. The Postpaid Collections section displays all payments that have been collected from customers for completed deliveries.
3. Postpaid Collections List- For each recorded collection, the following information is displayed:
 - Reference Number – The tracking or reference ID of the delivery.
 - Status – Payment status (e.g., Verified, Pending, or Rejected).
 - Customer – Name of the customer who made the payment.
 - Amount – Total payment collected.
 - Collected At – Date and time when the payment was processed.
 - Actions – Options for viewing details or managing the collection record.

User (Admin only Modules)

Payments Verification

The Admin can manage the verification of all online payments in this section.

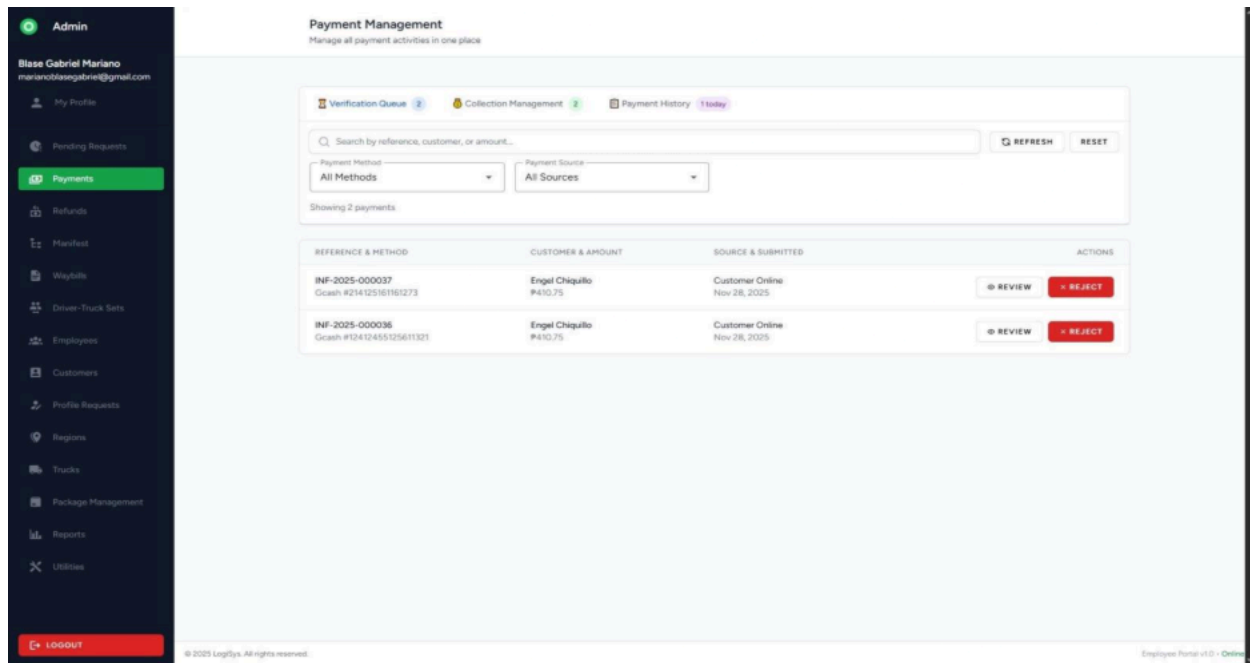

Figure 46: Admin Payment Management

View Payment Verification Queue, including:

- Reference Number
- Attached Payment Photo

The Admin can review the payment details and, when satisfied, click the "Verify Collection" button to approve. Alternatively, the Admin can click "Reject" to deny the payment.

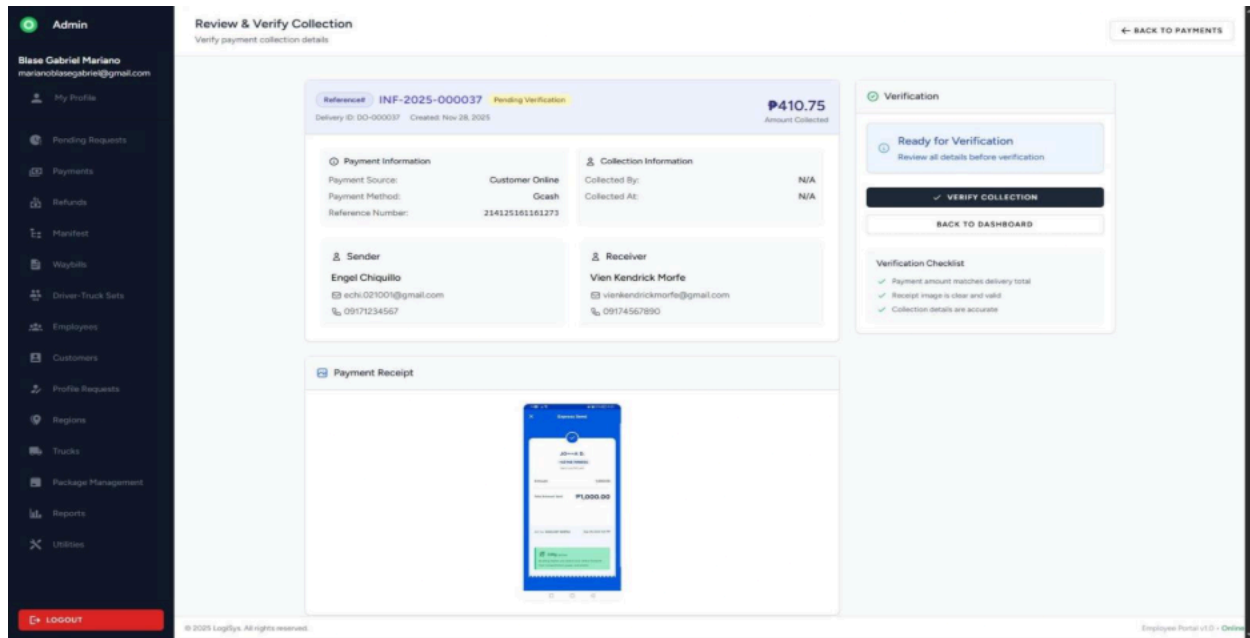

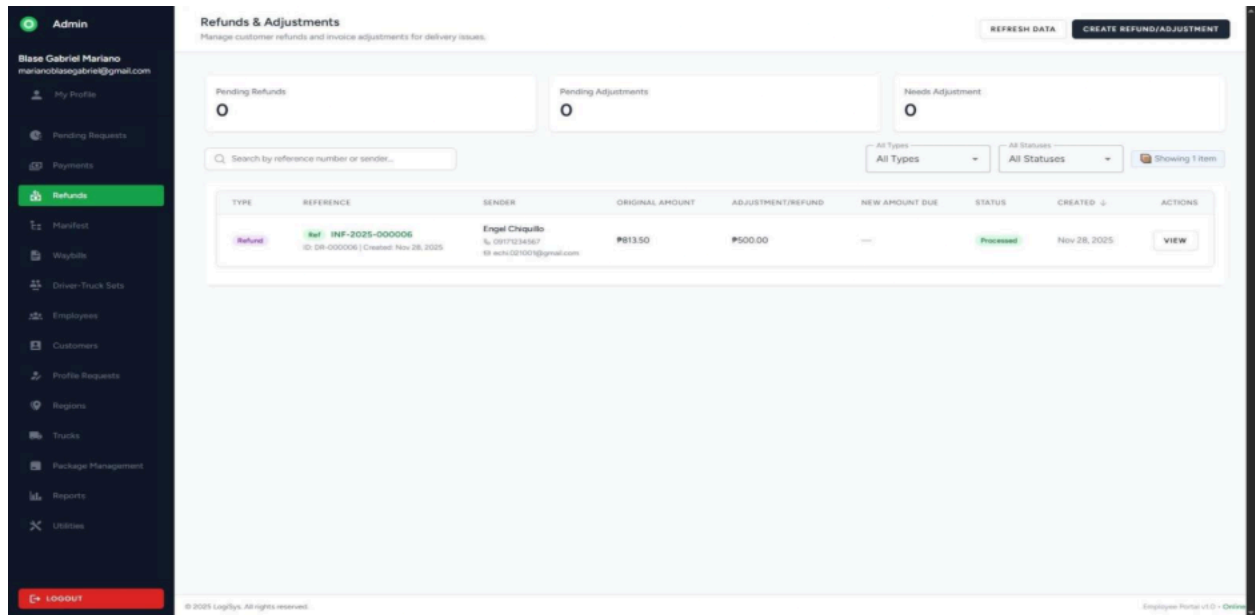

Figure 47: Admin Refunds & Adjustments

The Admin can manage all refund requests for prepaid transactions and adjustments for postpaid transactions.

View Refunds and Adjustments list, including:

- Transaction Reference
- Type (Refund or Adjustment)
- Status (Pending or Processed)

The Admin can view details, filter the list, and create a new refund or adjustment by clicking the button on the top right.

To Process a Refund/Adjustment:

1. Select the packages needing a refund or adjustment.
2. On the Refund Details form, input the refund amount.
3. Select the reason and provide a detailed description.
4. Click the "Process Refund" button to complete the action.

Employees Management

The Admin can manage all employees registered within the system.

View full employee list, including:

- Employee Name
- Contact Information
- Employment Details

The Admin can sort the list using the two dropdown menus above the table. Using the buttons on the top right, the Admin can view disabled accounts or add a new employee.

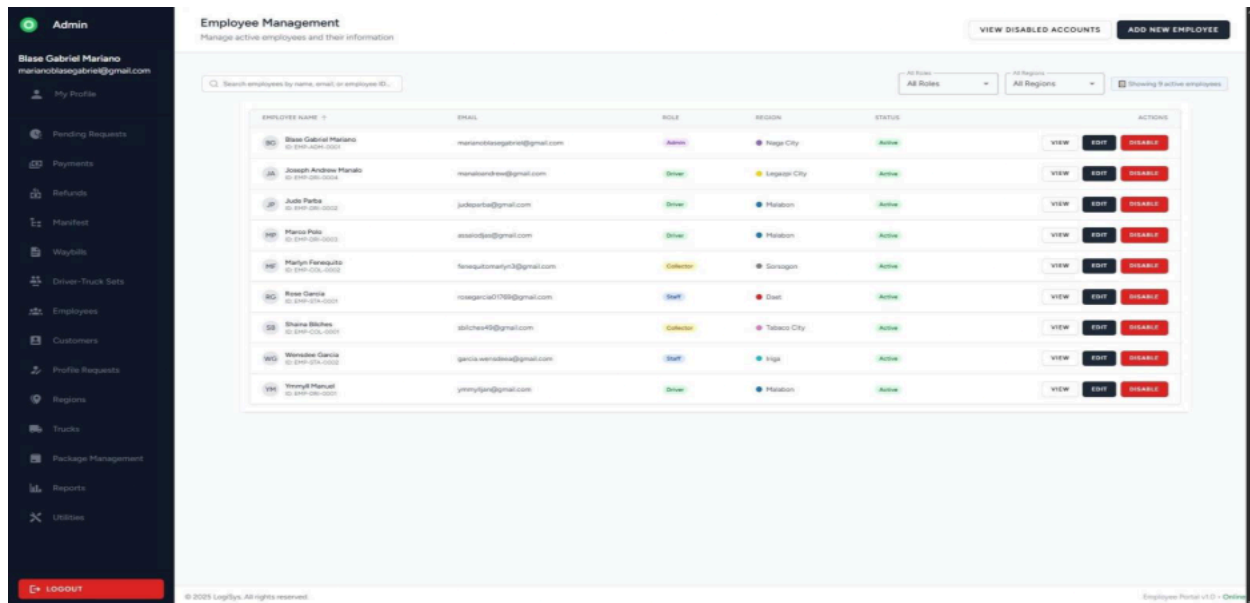

Figure 48: Admin Employees Management

When Creating or Editing an Employee, the Admin must fill out the following forms:

- Basic Information
- Contact Information
- Address Information
- Employment Information

The screenshot shows the 'Edit Employee' form. The sidebar is identical to the previous image. The form is titled 'Edit Employee' and includes a 'BACK TO LIST' button. It is divided into four sections: 'Basic Information', 'Contact Information', 'Address Information', and 'Employment Information'. The 'Basic Information' section has fields for Employee ID (EMP-ADM-0001), Full Name (Blase Gabriel Mariano), and Email (marianoblasegabriel@gmail.com). The 'Contact Information' section has fields for Phone (Landline: 0941234567, Mobile: 09187319858). The 'Address Information' section has fields for Building Number (123), Street (Magwaytoy Avenue), Barangay (Barangay 12), City/Municipality (Naga City), Province (Camarines Sur), and ZIP Code (4400). The 'Employment Information' section has fields for Hire Date (01/15/2023), Termination Date (mm/dd/yyyy), and Assigned Region/Branch (Naga City). There is also a 'Notes' section with a text area for 'Specific employee account'. The footer shows '© 2025 LogiSys. All rights reserved.' and 'Employee Portal v1.0 - Online'.

Customers Management

The Admin can manage all customer accounts.

View full customer list, including:

- Customer Name
- Contact Information
- Address Details

The Admin can sort the list, view disabled accounts, and add new customers.

Add New Warehouse

Create and configure a new warehouse with precise location details.

VIEW WAREHOUSES

Step 1: Region Information

Region Name *
e.g., Metro Manila, Central Luzon, Batangas Warehouse

Region Color *
#CCCCCC
Choose a color to represent this region on maps and charts

Step 2: Find General Location

Search for City/Municipality/Landmark *
Type city, municipality, or landmark (e.g., Batanga City, Batasan)
Search for the general area first. You'll specify the exact warehouse address in the next step.

Step 3: Specify Exact Warehouse Address

Street Address/Building Name *
e.g., 4th Floor, The Bunker, Capitol Compound

Barangay
e.g., San Jose

City/Municipality *
e.g., Batanga City

Province *
e.g., Batasan

Postal Code
e.g., 2100

Full Warehouse Address (Auto-generated) *

☒ Update map location based on address above

Quick Guide

How

Step 1: Region Info
Name your region and choose a color

Step 2: General Search
Find the city or municipality first

Step 3: Exact Address
Fill in the specific warehouse details

Step 4: Map Verify
Drag the pin to the exact location

Pro Tip
Can't find the exact address? Search for the nearest city first, then manually enter the full warehouse address below.

Employee Portal v1.0.0 - Overview

Reports

The Admin can generate and view various system reports.

The Admin can change the data range using a dropdown menu located above the report table to view data from different time periods.

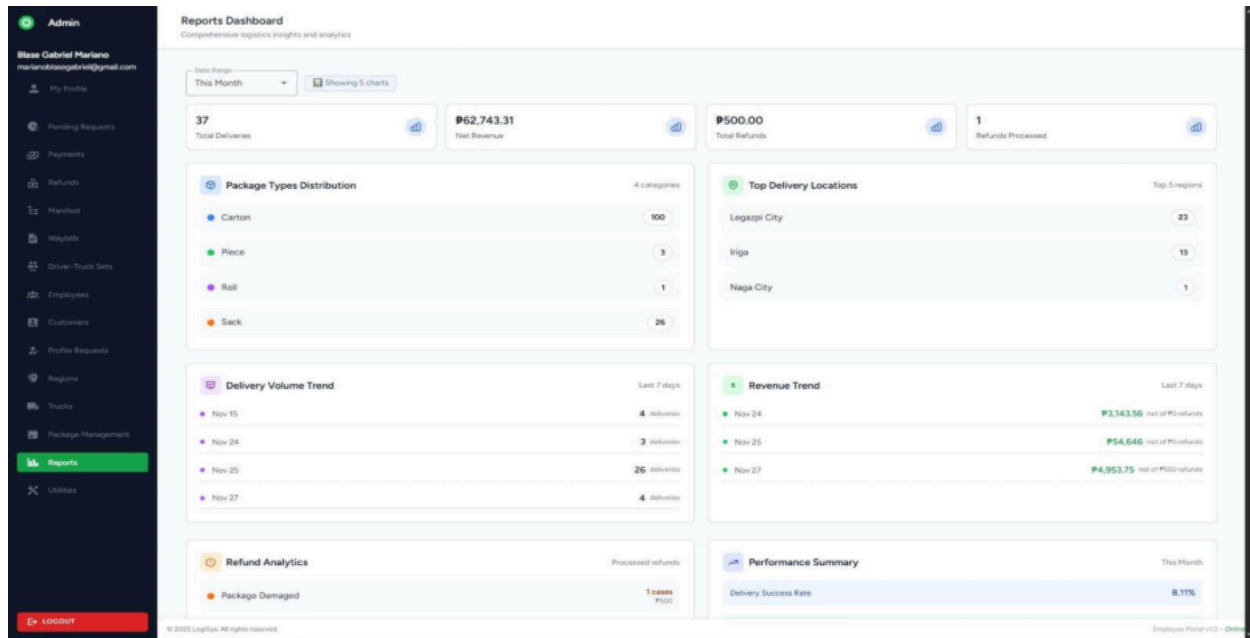

Figure 51: Admin Reports Dashboard

Utilities

The Admin can access system configuration and maintenance tools.

Settings

Price Matrix:

The Admin can update the following rates:

- Base Fee
- Volume Rate
- Weight Rate
- Package Rate

Package Categories:

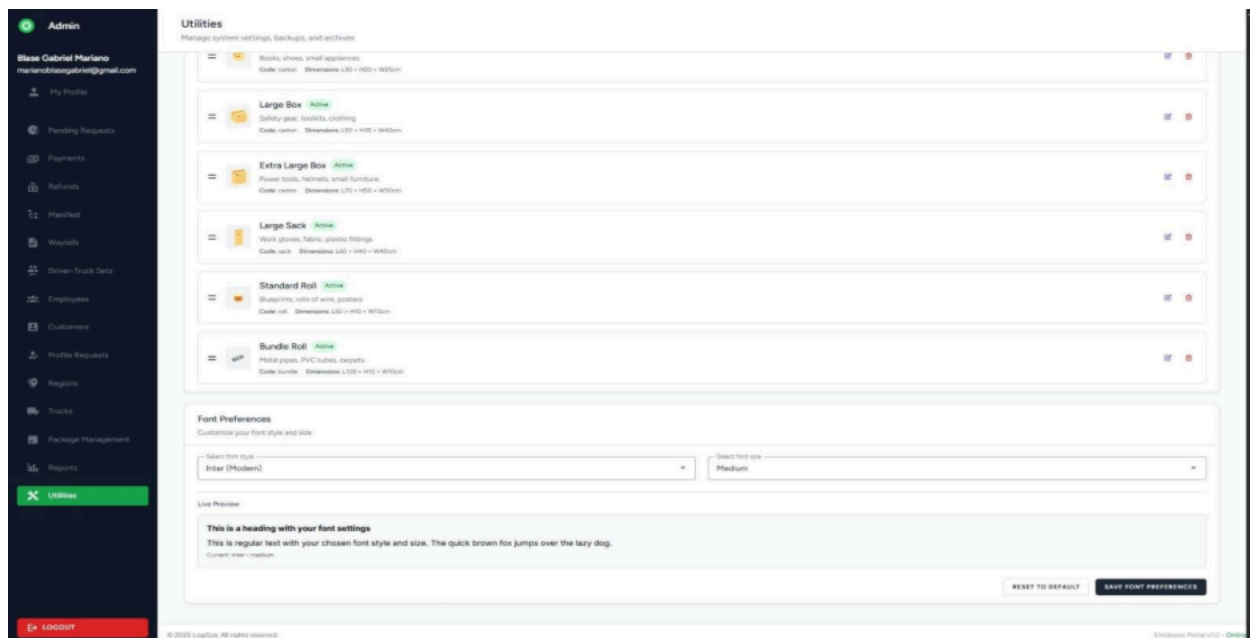

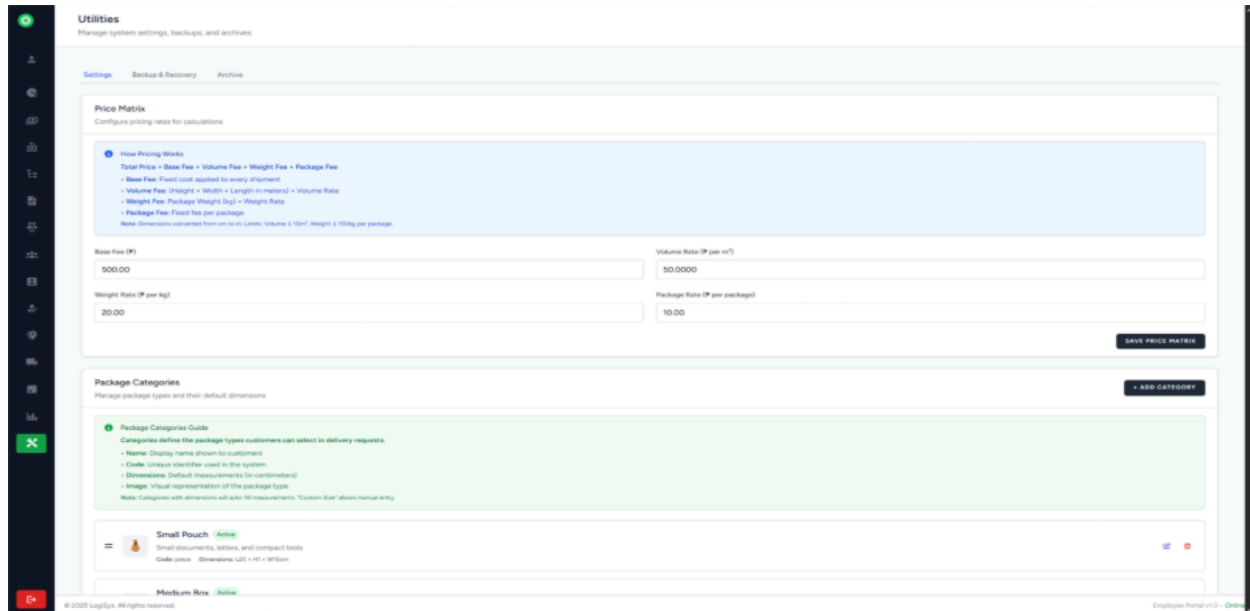

The Admin can add, edit, or remove package categories.

When Editing or Adding a Category, the Admin must input:

- Category Name
- Category Code
- Description
- Dimensions (Length, Height, Width in cm)
- An icon image

Font Preferences:

The Admin can change the system's font style and font sizes.

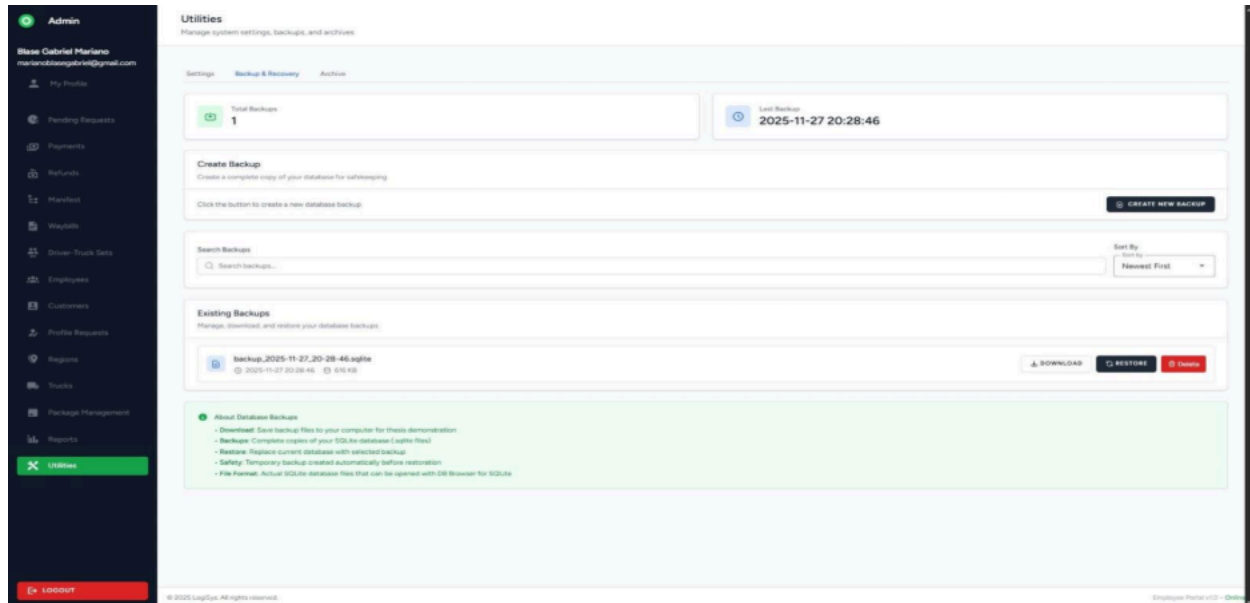

Backup and Recovery

Create Backup:

The Admin can create a new system backup by clicking the "Create New Backup" button.

Manage Existing Backups: For any existing backup, the Admin can:

- Click "Restore" to revert the system to that backup.
- Download the backup file.
- Delete the backup.

Archive

Archive Data:

The Admin can archive Manifest and Waybills data by:

1. Selecting a date range (in days).
2. Clicking the "Archive Data" button.

Manage Archived Data:

For any archived data set, the Admin can View the data or Restore it to the active system.
